Mortgage Technology Magazine Names IDS to 2013 'Top 50 Service Providers' List

SALT LAKE CITY, May 2, 2013—[Mortgage document preparation](#) vendor International Document Services, Inc. (IDS), a mortgage document preparation vendor, has made its third consecutive appearance on the Top 50 Service Providers list, issued by SourceMedia's Mortgage Technology magazine.

According to the magazine's Spring 2013 issue, the Top 50 Service Providers list recognizes "the technology and service vendors that excel in four categories -- continued advancement of technology and services, viable revenue model and value proposition to customers, exceptional customer service and unique impact on the mortgage industry."

As the inaugural recipient of the Lenders' Choice Mortgage Technology Award in 2012, IDS was recognized for the continued improvements it has made to its flagship document preparation system idsDoc. Over the nomination period (April 2012 to March 2013), IDS made significant upgrades to its user interface to allow for multi-browser compatibility and to provide a cleaner, more uniform user experience. IDS also added electronic signature certificates to support the Internal Revenue Service (IRS) 4506-T form.

"IDS is grateful to Mortgage Technology for all the recognitions the publication has been so kind to bestow upon us this past year," said IDS Executive Vice President Mark Mackey. "To see so many of our partners join us on this year's 'Top 50 Service Providers' list is an honor. We look forward to continuing to provide our customers with fully customizable, zero-defect docs; responsive customer service; and superior functionality."
